

SAYS WORK IN COURTROOM IS ONE OF EASIEST TASKS OF JUDGE

"A judge's work in the courtroom is one of his easiest tasks," Judge W. C. Sheely told the Women's Democratic Club of Adams County, at a meeting Monday evening in the Odd Fellows' Hall. Other duties of a judge, he explained, include "preparing the court calendar, assisting the filling of the jury wheel, seeing that all court records are correctly kept, adoptions, settlement of estates, desertion and non-support orders, custody cases, waiving the waiting period on marriage licenses when necessary, and approving marriages when the participants are under 16 years of age."

The project of the state Bar Association to end the system of Sheely's approval, "Judgeship and court should be kept out of politics," he said.

He told of the origins of the associate judge system. Until 1870, he said, the circuit judge covered five or six counties, but all he had to do was hold court. The associate judges took care of things between the circuit judge's visits. An act of 1882 had set up the judicial districts and dates of court. Now the two associate judges, who sit with the president judge, can overrule his decision in everything but questions of law, he said.

TELLS FARMERS TO SPRAY FOR BUGS, WEEVILS

Adams County farmers were notified by County Agent Frank S. Zettle today that this week marks the time to spray for spittle bug and alfalfa weevil if the farmers wish to prevent a great deal of loss to their hay crops from the pests.

A survey of the county has revealed the emergence of the bugs and warm weather will hurry the arrival of the pests which can cause the loss of a half-ton to a ton of hay per acre. Alfalfa weevil was found throughout the county last year and "it is possible that there will be a heavy infestation this year unless proper control measures are taken." While spittle bug reduces the yield from a field, alfalfa weevil can destroy an entire crop, Zettle noted.

Because alfalfa is further advanced than clover, the county agent recommended that the alfalfa be sprayed first, using a spray that will control both spittle bug and (Continued On Page 6)

"I must have dropped it while waiting for a bus," she told Gettysburg Police, who had been holding the money. "I was worried all night." Two women found the money Saturday afternoon and turned it in to the police.

Inspect County's C-D Radio System

Two Chambersburg borough officials inspected Adams County's civil-defense fire-protection radio setup this morning, and said that they "liked very much" what they saw. The operation of the system was explained to them by Burgess William G. Weaver and fire department officials.

The visitors, Gordon Cree and W. G. Michaels, are considering new policy for radio transmitter operations which Franklin County has recently purchased. They said that they will also look over the radio systems of the Adams County Electric Co-operative and the Manufacturers Light and Heat Co.

Such enlistees will receive brief indoctrination training. Top reserve pay grades affected by the new policy are Navy seaman and airman, Air Force airman first class, Army corporal and Marine sergeant. Previously, reservists with no active duty were enlisted by the Navy only in the rate of seaman recruit or airman recruit, both in the first pay grade.

LARGE AUDIENCE FOR 1ST NIGHT OF LIONS SHOW

A fast-moving variety and minstrel show, "Fun and Polly," by the Gettysburg Lions Club opened a three-day stand Monday evening in Xavier Hall before a near capacity audience.

The show, being given for the benefit of the club's Charity Fund, will be repeated this evening and Wednesday at 8 p.m. Club officers said there are less than 100 tickets available for each of those nights.

The production mixed music and jokes, dancing and specialty acts in the first half of the evening but reached its best moments in black-face minstrel that wound up the evening's entertainment.

Like "Good Old Days"
Recalling for many the "good old days" of home talent shows in Xavier Hall, Interlocutor Percy Miller acted as master of ceremonies for the minstrel section that highlighted Endmen Don Cordell, Kenneth Reinhardt, David Bloser, John Crow, Carl Menchev and Walter Meighan and then did a specialty of his own. It was "How Ya Gonna Keep 'Em Down on the Farm?" and was "dedicated to Ike and Mamie." Miller had some special lyrics to the popular melody that applied to the dedication.

A perambulating German band that made an official appearance and then trooped and tooted their way across the stage at intervals thereafter, they typewriter novelty act by Mary Lou Kranias, the Lions club quartet and Dixieland live by the Clefsmen, who furnished the musical accompaniment for the entire show, were highlights of the first half of the show.

Enforce No-Encore Rule
M. Hardy Nichols was master of ceremonies for the section that opened with a "Can-Can girls" number. Baton twirling and acrobatics by "Diana, Melody and Linda," solo and duet selections by guest performers that included Miss Helen Paugh of Gettysburg College, Don Bollinger, Carl Westerdahl and (Continued On Page 6)

County's Oldest 4-H Club To Mark Its 30th Anniversary At Baby Beef Banquet Wednesday

Adams County's oldest 4-H club, the Baby Beef group that not only started such activities locally, but set up the first 4-H Baby Beef Show at the State Farm Show in Harrisburg, will mark its 30th anniversary Wednesday evening with a banquet at the New Oxford Lutheran Church.

Approximately 150 are expected to attend the dinner, including many members of the 1925 Baby Beef Club which is credited with pioneering beef raising by 4-H members in the state.

There were fifty-six boys and girls in that first Adams County club and 49 of them took part in the State Farm show exhibit. As a result of that appearance, other counties set up 4-H Baby Beef units until now there is such a large competition for the Farm Show display that each county receives a quota of members who may enter animals there. Last year Adams County — originator of the whole program — was allotted four baby beefs as its share in the competition.

Called "Eye Opener"
That first Adams County Baby Beef Club set a record that was

reported at the time in "The Penn State Farmer" under the heading "Baby Beef Club Exhibit at State Farm Products Show and 'Eye Opener' to Visitors."

The story continued: "Visitors attending the State Farm Products Show at Harrisburg in January (that was in 1926) were given a treat in the form of a commendable exhibit of baby beefs, fed, shown and sold by 49 members of the Adams County Baby Beef Club."

"This organization under the direction of the State Club office, beef cattle extension men and County Agent R. E. Underwood had been laboring for many months to put the right finish on their animals so they might be profitable for the big show."

Attracted Much Attention
"Organized in the spring of 1925, fifty-six boys and girls had been carrying on a demonstration of the value of beef steers of correct type, proper methods of feeding and management, fitting for show and preparation for sale. Hereford calves, purchased in the west, were taught to lead and stand at attention, were carefully groomed (Continued On Page 4)

Leader's \$620,067,000 Tax Package Imposes Levies On Wages, Gas And Other Items

HARRISBURG (AP)—Gov. George M. Leader today submitted a \$620,067,000 tax package, including a classified income tax, to the General Assembly and said he is ready to lay his political future "on the block" to support it.

The 17-point program to impose levies on individuals, industry and motorists accompanied the commonwealth's all-time high budget of \$1,843,583,666 for the 1955-57 biennium, an increase of \$302,028,946 from 1953-55.

The huge budget, on a population basis, represented a potential cost of \$175 for every man, woman, and child in Pennsylvania. The governor said the state's revenue need amounted to \$25 for each person in the state.

"Day Of Reckoning"
The governor termed the administration tax program "a day of reckoning" for legislative commitments made in past years without financing them. He called for Republican cooperation in the politically divided assembly on the basis of "mutual responsibility to balance the state's budget."

"This is not a time, it cannot be a time," Leader said in a personally delivered tax-budget message, "for anyone to worry about his political future. I am quite ready to lay mine on the block."

The general tax program includes 14 levies producing \$529,080,000 for the General Fund, out of which normal expenses of the state government are paid. This is separate from the motor fund which would be swelled by three increases in automobile taxes and fees totaling 99 million dollars. The grand total for the two funds would be \$628,080,000.

Favors Some Repeals
At the same time, the governor recommended repeal of a group of levies on business amounting to \$8,013,000, which would bring the (Continued On Page 5)

Unanimous approval was given the constitution and bylaws by the women and Mrs. Julius Swope was named temporary chairman with Mrs. Francis Yingling, temporary secretary, to set up the new organization.

Seek Meeting Date
After some discussion the second Monday of the month was selected as the meeting night of the auxiliary, unless it is "determined otherwise that it is not the most suitable night for most of the membership." It was decided that if the second Mondays do not prove the most convenient time for most of the 76 who have already indicated a desire to become charter members, the time (Continued On Page 5)

"Chinese art dates back at least 4,000 years," explained Dr. Kramer. "The Chinese people are all creative artists by nature. They are born with a sense of line, color and balance. Their very language is an example of their sense of proportion. Art is such an important thing in the life of the Orientals that each family, no matter how humble, will own one great piece of art made themselves."

"The Ching dynasty, a period of about 200 years, was fruitful in the production of great works of art because this was a peaceful period in China."

JURY RETURNS 17 TRUE BILLS AGAINST SEVEN

The April grand jury concluded its work Monday evening at 5:30 o'clock, handing up 17 true bills against seven defendants to the Adams County court.

Indictments were found on three counts against H. A. Sturms, New Oxford R. 1, charged with resisting arrest, aggravated assault and battery on New Oxford Police Chief Walter E. Bemiller and driving while under the influence of intoxicants. Six true bills were returned against Glenn Matthews, McSherrystown, four on morals charges and two on contributing to the delinquency of minors.

Three true bills, two on morals charges and one on contributing to the delinquency of minors, were returned against Wilson Louis Penney, Gettysburg R. 1.

Others Indicted

Lester Tyler, Fairfield, was indicted on two morals.

Arnold Smith, New Oxford, was indicted on a charge of driving while under the influence.

Edward J. Caldwell, East Berlin R. 1, was indicted on a bad check charge.

Merle R. Noble, Hanover, was indicted on a morals charge.

Two men were released from prison and another was denied a parole by the court Monday.

Kermit Tressler, Gettysburg, who had been sentenced February 14 to four months in jail, was placed on parole for one year. Charles L. Neiman, Hanover, who had been lodged in jail February 14 for failure to keep current his support order, was permitted to renew a \$1,000 bond to guarantee compliance with the order and was released from jail.

A petition for parole submitted for Robert J. Brennan, Gettysburg R. 1, who was sentenced in February to from 11 to 23 months in the Allegheny Workhouse, was refused by the court.

Divorce Is Granted

Clara L. Syder, Greenstone, was granted a divorce from William H. Snyder, Waynesboro, on grounds of desertion.

A charge of driving to the left of the center of the highway brought against Harvey A. Warner, Gettysburg R. 3, was dismissed by the court and the costs placed on the county because of a defect in the information brought against him. In an opinion, the court held that the law provides that a driver can be guilty of the offense of driving on the wrong side of the street only when the street is of sufficient width to permit operation of the vehicle on the right side of the street, and that as a result the width of the street must be listed in the information.

Another opinion of court handed down Monday found Glenn C. Funt, Gettysburg R. 1, innocent of contributory negligence in an accident between his vehicle and a pickup truck operated by Maurice F. Smith, Gettysburg R. 4. A jury at the last term of court, found in favor of Funt and against Smith in an action in trespass by Funt against Smith to recover damages resulting from an accident October 30, 1952, at the Camp Hill-by-pass. Smith asked that the verdict be set aside because of "contributory negligence on the part of Funt."

Court's Opinion

The accident occurred on a five-lane highway, while Smith was crossing the through highway. Smith said that Funt saw him crossing and since Funt "did not attempt to reduce his speed from 45 miles per hour until he was 60 or 65 feet from the intersection . . . he therefore . . . was guilty of contributory negligence." The court held that "if the highway had been an ordinary two or three-lane highway, this (Continued On Page 6)

SUPREME COURT TO HEAR PETERS ACTION TODAY

WASHINGTON (AP)—The Supreme Court takes up today the question of whether the government can legally fire an employee on loyalty grounds while keeping secret his accusers.

Central figure in the case is Dr. John Punnett Peters, professor of medicine at Yale University. He contends his constitutional rights were violated by not being allowed to confront and cross-examine his accusers.

Dr. Peters was fired in May 1953 as an occasional consultant to the U. S. Public Health Service after a three-member hearing panel found a "reasonable doubt" as to his loyalty. He denied he had ever been a Communist and declared his loyalty to the United States.

Atty. Gen. Brownell has expressed concern that sources of information "might well dry up" if the government had to disclose them in loyalty cases.

The Supreme Court was expected to call the Peters case for argument at 2:30 p.m. in its first look in four years at key procedures of the federal loyalty-security program.

The last time it considered the matter it divided 4-4 in upholding the security risk firing of Dorothy Bailey from the U. S. employment service.

3-YEAR-OLD GIRL IS INOCULATED WITH VACCINE

PHILADELPHIA (AP)—Three-year-old Leslie Price, a pretty blonde, was the first child in Philadelphia to be inoculated with the Salk anti-polio vaccine.

She is one of the first in the nation to be immunized with the new drug as distributed through regular commercial channels.

Her mother, Mrs. Eleanor Price, bought the vaccine at a drug store on a doctor's prescription yesterday. A short while later a doctor gave Leslie a one CC (cubic centimeter) shot of the drug at his office.

A small supply of the vaccine is in the hands of a few druggists and physicians in the area today. It is part of a lot packaged for commercial purposes by the Pittman-Moore Co. of Indianapolis. The lot was approved by the National Institute of Health, a division of the U. S. Department of Health, Education and Welfare.

Mrs. Price purchased her vaccine from Morton Rosenfeld, operator of a Philadelphia pharmacy which received a shipment of 15 vials of one CC each.

"I was so sure the vaccine was going to be perfect," Rosenfeld said, "that about eight weeks before any news of the approval, I sent in my order to the Pittman-Moore Co."

The Price girl was inoculated by Dr. Seymour Siegel of Philadelphia. The child will receive another shot in two weeks and in seven months a booster shot will be administered.

But tens of thousands of first and second-grade pupils in Pennsylvania must await their scheduled mass immunization until a final inspection of vaccine lots is made by the National Institute of Health. This is holding up shipments to the state's 11 distribution points.

Says Japs Revolt Against Red Guards

MAIZURU, Japan (AP)—More than 150,000 slave laborers revolted against their Russian guards in Siberian forced labor camps last May, a Japanese repatriate said today.

The Russians restored order "only after machine gunning many of the protesting laborers," the newspaper Tokyo Shimbun quoted Minoru Okada, 43.

Okada was one of 88 Japanese who returned today aboard the repatriation ship Koan Maru from Soviet ports.

"The workers threw down their tools, raised black flags to protest brutal treatment by Russian guards, and refused to work," Okada said.

Letter to the Editor

Dear Sirs:—
Notice in your paper how proud you are having the President of the U.S. registered and voting in Adams Co. and you rightly should be so. But what about the filthy shack in Cumberland Township where he will have to vote.

I for a time voted in Cumberland Township and know it is almost an insult to ask anyone to vote in such surroundings.

The township could at least paint the place inside and out and put down linoleum, get a new table and replace the rickety camp chairs, put permanent steps into the place, etc.

This would be a good chance for the politicians to contribute their

COMMITMENT
OF BOY RAPPED

MEDIA, Pa. (AP)—A lawyer for the 22-year-old slayer of a fellow student at Swarthmore College has attacked a sanity commission report on which he was sentenced to the State Hospital for the Criminally Insane at Fairview.

Atty. Albert Blumberg, in exceptions to the report filed yesterday in Delaware County Court, said the sentencing of Robert B. Bechtel to an institution for the criminally insane without a trial by jury was a violation of both the state and federal constitutions.

Bechtel, who was charged with shooting to death Francis H. Strozier, 19, of Akron, Ohio, was sent to Fairview by President Judge Henry G. Sweney on March 18 after being adjudged insane on the basis of the commission's report. He was to have gone on trial March 22.

Bechtel, a psychology student from Pottstown, became enraged over pranks played on him by schoolmates and began a rifle shooting spree in a dormitory on the college campus last Jan. 11.

County Native Feted In Kansas
On His 100th Birthday Saturday

Emra D. Baugher, son of the late George and Elizabeth Baker Baugher, East Berlin, now residing with his only surviving daughter, Katie, in Kinsley, Kans., celebrated his 100th birthday Saturday. The event was the occasion of a party and reception given in his honor that afternoon by the entire community in the Kinsley Legion Hall.

The outstanding part of the program was the naming of a small park near his home, "Baugher Park," in his honor by the City Authority of Kinsley. Other festivities consisted of the presentation of numerous gifts, cut-flowers and potted plants, a large birthday cake topped with a horseshoe and the numeral "100." There was band playing, and old fashioned square dancing, and community singing. Over 280 birthday cards and many letters were received, including a letter from President Eisenhower.

Mr. Baugher and his daughter cherish many things of value that recall memories of long ago. For example, a coverlet made for Mr. Baugher's mother before she was married, bearing an imprint woven into the cloth, "Made for Elizabeth Baker in 1843, by John Schriver, Hampton, Pa.," also several earthen dishes made by his grandfather, Daniel Baker, in his pottery operated on the "homestead" in Hamilton Township, more than 125 years ago, and a walking stick, shown in the picture accompanying this story, which Mr. Baugher says he pulled from laurel bushes in Pennsylvania in 1877.

The centenarian recalls that,

when a boy, Confederate soldiers, on their way to the Susquehanna River at Wrightsville several days before the Battle of Gettysburg, asked him the name of the "river" which flows by East Berlin, only to be told the stream was just a creek named Conewago.

When a teen ager he played a B-flat cornet with the East Berlin band.

Arrived in Kansas in 1878
Mr. Baugher arrived in Kinsley, Kansas, in January, 1878—as far West as his ticket took him. He looked around for land that he had heard was to be had and procured a half-section. Then he returned to East Berlin and married the sweetheart of school days, Lila Miller, after which both of them returned to the land in Kansas and started farming. After two years of crop failures they gave up the land moved to Kinsley, where he procured a job at blacksmithing with a railroad company. Two years later he bought out a blacksmithing business in Kinsley and went into business on "his own hook."

In those days lotteries were not considered illegal and Mr. Baugher bought several tickets in the Louisiana lottery which netted him \$5,000. With part of the money he built the house in which he still resides, and with the balance, he enlarged the blacksmith shop. In his time he shod oxen and on one occasion he even shod a cow. After 42 years of blacksmithing, he sold out the business and retired.

When asked how it felt to be 100 years old, he replied: "I don't get

around or do things quite as I did several years ago; I am getting more forgetful; I still walk occasionally to Main St.; I sleep a lot and right well at night; I have no aches or pains; I have not definitely decided whether or not I shall put out a garden this summer."

Quit Smoking At 80

Asked what advice he had for youngsters who aspire to attain the age of 100, he said: "They should be temperate in all things, they should refrain from spending more money than they can afford to spend; they should not worry, and they should eat good plain food." He added that he quit smoking a pipe at the age of 80 because he thought it might be well for him to do so, and he found out that he guessed right.

Mrs. Baugher died in 1924. Since then his only surviving daughter stands by. Because of her father's failing eyesight, she does his letter writing.

Announcing — America's newest, lowest, smartest 4-door Sedan

Newest model in Mercury's
Montclair Series lets you
enjoy "hardtop" beauty
with 4-door convenience

It's the newest Mercury of them all—the Montclair 4-door Sedan, and the photograph shows you that not one bit of the original Montclair hardtop beauty has been lost. It has the same dramatic lowness—only 53 1/4 inches from road to roof. And see how convenient it is to get in and out. Everyone who admires

hardtop styling, but wants the roominess and convenience of a 4-door model, can now eat his cake, and have it too!

198-hp Super-Torque V-8 with dual exhausts

Seldom has an engine caused as much enthusiastic comment from auto editors. And once you drive a Montclair, you'll see why. It gives you instant, on-the-spot pickup at every speed—from zero to super-highway limits. A four-barrel carburetor, unique new high-compression spark plugs, and dual exhausts are yours at no extra cost. Features like these are usually extra on medium-priced cars.

Exclusive new power lubrication gives Mercury widest choice of power features

The Mercury Montclair offers a new optional power feature—power lubrication. And it's exclusive with Mercury in the medium-price field. You push a button on the dashboard and vital parts of your car are automatically lubricated. You can also choose optional power steering, power windows, power brakes, 4-way power seat and Merc-O-Matic Drive.

Why not come in and see this newest Mercury? It costs a lot less than you think. And your present car is worth a lot more than you think on a trade-in at your Mercury dealer's.

FIFTY YEARS AGO

Carnegie Gives \$14,000 To Dickinson College: President George Reed, of Dickinson College, has announced that Andrew Carnegie has given \$14,000 to the institution. A short time ago Mr. Carnegie gave \$50,000 for the new preparatory school building.

The new Denny Hall, to replace the building of the same name that was destroyed by fire, will be completed this month.

Miss Deatrick To Wed: Mrs. Clara E. Deatrick has issued invitations for the marriage of her daughter, Miss Margie, to Rev. William Henry Hetrick, of Brooklyn, N. Y., the ceremony to take place on Thursday, April 27, at 1 o'clock, at her home, 135 Chambersburg St.

Mr. Johns Gets Bank Contract: Contractor Wm. H. Johns, of this place, was on Thursday awarded the contract for the erection of the new Citizens' Trust Company. The contract includes all the work, stone, brick, carpenter, and Mr. Johns is to have the building completed in six months.

Carnegie Will Give Methodists \$900: Andrew Carnegie has promised \$900 toward the purchase of a pipe organ for the Methodist Church, this place, provided the congregation raises an equal amount.

The expectation is that the organ will be placed in the church before the close of the summer.

Expert Fishermen: Samuel H. Weiser, the accommodating brakeman on the Reading Rd., in company with Lewis Bayly, of Pine Grove, spent Saturday along Mountain creek fishing for trout. The gentlemen proved themselves expert fishermen returning from the stream with 72 fine trout.

Brave Act: B. M. Sefton, of this place, performed a heroic act Monday evening. A two horse team owned by L. D. Miller had been left stand on York St. when the horses became frightened and dashed up the street at a breakneck speed. Mr. Sefton, who was crossing the Diamond rushed at the frightened animals, seized the rein of the one horse and finally brought them to a standstill. It was quite a brave act.

Bad Mule: This: While in the act of passing in a stall to tie a mule the other day, Lewis Klunk, Irishtown, was severely kicked by the long-eared animal. He had several ribs fractured and was otherwise injured. Later in the day a Mr. Raffensperger, residing with M. Klunk, was kicked on the arm by the same mule.

Will Observe Anniversary: The eighty-sixth anniversary of the institution of the Independent Order of Odd Fellows will be appropriately observed by Gettysburg Lodge with services in the lodge room either on the evening of the 23rd or 30th of April.

Gon To Get New Photographic Ideas: J. L. Mumper, our enterprising photographer, left yesterday for Washington, D. C., to attend the Photographers State Convention which meets in that city April 18 to 21, inclusive.

Dislocated Shoulder: Mrs. L. M. Buehler fell last Friday and dislocated her right shoulder. Dr. Stewart used the x-rays on the bone and he and Dr. Dalbey rendered surgical attention.

Rev. Van Ormer Declines: Rev. A. B. Van Ormer, to whom a call was extended to become pastor of Christ Lutheran Church, this place, has declined the call and will remain at Norwood.

Local Miscellany: The Gettysburg Brick Company is preparing to build four new kilns, each with a capacity of 60,000 bricks. The Co. is rushed with orders. Capt. Calvin Gilbert, who recently received the contract from the Battlefield Commission to build the fence along Stone Ave., has a force of hands at work on the same.

Today's Talk

THE LUXURY OF SILENCE

I have just read a most interesting and provocative brief book by Anne Lindbergh called "Gift From The Sea." It was written during a vacation on an island with the ocean as a friendly robe, and its shells, washed quietly to the shore, become a basis for meditation and are responsible for this delightful book.

There is much in this book to remember. She speaks of "the luxury of silence" and remarks that though there is time to view the stars at night, to see friends, and to study the shells that are constantly washed to the shore, there is that choicest of all time — "time, even, NOT to talk." And then the author says that "communication becomes communion and one is nourished as one never is by words."

During my vacation in the southland I, too, have experienced this quiet and luxury, alone at night by the ocean, or with the sun glowing above it in a sapphire sky, with the rhythmic waves riding its tiny shells to the shore as gulls and skipping sandpipers become alerted for bits of sea food. There is a line in the Bible that says: "Be still, and know that I am God." I have often thought of that line when in silence, alone, as Nature's guest. Where can we know and learn of God more appropriately? Silence is a luxury that costs nothing. But within it there may be buried a stream of gold or, secreted in corners, jewels more precious than any in a fabulous queen's possession.

I can understand Anne Lindbergh's fascination over the shells that she gathered and talked about — as they, in turn, talked to her. Shells have a language just the same as a flower or leaf. Words, after all, are mere inventions, to which we have attached thoughts! But their luxury is felt most — in silence!

Tomorrow Mr. Alams will talk on the subject: "Delving To Learn"

WEDDING PREPARATIONS

They've chosen the date, and they've started the list of the friends to invite so that none will be missed. They've talked to the preacher of what they have planned. He told them when needed that he'll be on hand. They've even arranged for the organist, too. With June not far off there is so much to do.

The bridesmaid already has ordered her gown. They've chosen the ushers; two live out of town. It isn't quite settled, but here's what they think: The six sweet attendants that day will wear pink. They'll carry carnations arranged in a spray. There's so much to do with June not far away.

The mother's decided that she will wear blue. And here I should add she looks nice in it, too. Each day there are fittings in somebody's store. And they're scheduled to go through at least a few more. They must find something old, something new, something blue. When you're planning a wedding there's so much to do.

One of the most beautiful sights about town these spring mornings is the fine lawn in front of and in the rear of the Meade School Building. Janitor Little, who prides himself in keeping it nicely trimmed, is keeping up his reputation.

Miss Lulu Hankey has been retained as sexton at Christ Lutheran Church, this place.

Good Friday which occurs on the 21st inst., will be a legal holiday and the banks will be closed. Mrs. J. Louis Sowers has pieced a silk quilt containing 5,300 pieces. On Monday, Wm. T. Ziegler, W. Baby Beef Winners At '26 And '27 Shows

Francis Murren, Hanover R. D., and the Hereford steer with which he won first place at the Pennsylvania State Farm Show in January, 1926, as a member of the first 4-H Baby Beef Club in Adams County. The picture was taken in front of the building in which the baby beves were displayed, a converted garage building, for that was before the days of the present Farm Show buildings and show exhibits were distributed among buildings in several parts of the city. Among the others shown are, to the right of the pole, Robert C. Lott and the late James H. McIlhenny, both members of the first club.

Shown above is the Hereford steer of Ralph Williams, York Springs, which won first prize at the 1927 State Farm Show, the second year a county 4-H Baby Beef Club exhibited there. The person holding the steer cannot be identified but standing on the other side of the baby beef is Russell E. Underwood, then Adams County Farm Agent. Mr. Underwood, who was succeeded here by the late M. T. Hartman, is in agricultural work in New Hampshire. The two persons standing in front of the door have not been identified.

and painstakingly fed, until they presented a marvelously uniform appearance.

"Business men of Gettysburg and banks throughout Adams County sponsored the club members in a financial way, and made possible the working of the club. The management of the State Farm Products Show provided meals and lodging at Harrisburg for the youth exhibitors and the owners attracted as much attention among the show throng as did the animals.

"Francis Murren of Hanover R. D. won first place in the club competition with a perfect score of 100, there being no criticism of his record, daily gain, or animal. His calf topped the sale at 25 cents per pound and was bought by the Harrisburg representative of Swift and Co. In a feeding period of 251 days this calf made an average daily gain of 2.23 pounds and weighed 1,066 pounds. The 'Pennsylvania Farmer' cup for best showmanship and fitting was won by Katherine Durborow. Prizes ranging from the \$3 to \$50 were awarded, each member receiving an award. The State Show committee, Adams County Banks and American Hereford Breeders Association contributed the prizes.

Most Made Money
The sale average price was 13.48 cents per pound, although the lowest bid to take a calf was eleven cents. Beginning the feeding period with an average weight of 469 pounds the animals made an average daily gain of 1.73 pounds and weighed 993 pounds at the finish. Only two club members showed a loss at the end of the sale, one of 90 cents and the other \$4.25. The average return after cost of calf, feed, and freight was deducted was \$26.84. Prize money is not included in this statement of returns above feed costs.

"A short time after the State Show, the Gettysburg Rotary, Kiwanis and Lions Clubs entertained the members of the Baby Beef Club at a banquet, a feature of which was beef of their own raising. It is reported that two club members whose animals were used in the banquet refused to partake of the meat course as they could not bear to think of eating their former pet.

"As a result of the club ex-

hibit at Harrisburg, three additional counties in the southeastern part of the state have already signified their intention of have a baby beef club for 1956 and are looking forward to an exciting inter-county competition at Harrisburg next winter."

Wednesday night's dinner will not only honor the members of the 4-H Baby Beef clubs of Adams County, but also the 4-H movement throughout the U. S. which now numbers more than 500 members in Adams County, more than 35,000 in Pennsylvania and more than 2,000,000 throughout the U. S., Associate County Agent Fred H. Attinger said today.

More than 200 Adams County youths have been members of the Baby Beef Club over the last 30 years. A number of members remained in the club throughout the span of their period in 4-H activities, from ages 10 to 20.

Francis Murren, who was president of the first club and the owner of the state champion animal, remained on with the club and has been its local leader since becoming an adult.

Wide 4-H Activities
Attinger observed that the 4-H movement nationally and locally carries out a great number of projects, both in connection with farming and public service. The county's Pleasant-Joy 4-H club is engaged in painting mailboxes along Gettysburg R. 1 as a service project.

In Alaska, 4-H members have probably their most ambitious service project — the raising of seeing-eye dogs.

Activities of the Adams County youths in 13 agriculture and 17 home economics 4-H clubs range from raising raspberries, to learning how to cook outdoors, from maintenance of tractors to learning how to entertain and to set tea tables.

Attinger observed that "there is a 4-H club for anything the youngsters want. If there's a worthwhile program and we don't have a regular scheduled program for a 4-H club we'll just make up a new program to fit the need." Such a project is a program on forestry, wildlife management and conservation now in the talking stage.

In Original Club
The list of original members who sold their animals at the Farm Show included Frances Murren, Esther Hostetter, Thomas Raffensperger, Martha Durborow, Clifford

Schrivier, Nadine Garrett, Robert Lott, Donald Heiges, Katherine Durborow, Cameron Garretson, Floyd Carbaugh, Nettie Gross, Ruth N. Blair, Elizabeth Weikert, Norman Schriver, Donald Currens, Robert Smith, Marie Fromeyer, Harold Heiges, Oscar Hostetter, Chester Tyson Jr., John Hostetter, Robert Klunk, Glenn Bream, Albert Klunk, James McIlhenny, Hubert Bream, Bernard Meyers, Frank Schriver, Caroline Murren, Glenn Black, Kenneth Bream, Walter Zimmer, Floyd Brown, Ralph Williams, Martha Garretson, Viola Gross, Guy Raffensperger, Hugh McIlhenny, Charles Slonaker, Harold Brown, Edwin Motter, Glenn Brough, Ralph Tyson, Abraham Keagy, Glenn Wagner, Edward Weikert and Lawrence Wagner.

R.R. DECONTROL REPORT ADDS TO D.C. CHIT-CHAT

WASHINGTON (AP) — It might seem Washington would have enough to talk about if it stuck to just a few things, like the Yalta papers, the chance of a Red Chinese attack, or the firing of Edward Corsi from the State Department.

But now a special advisory committee of the President has recommended the government relax its controls on the transportation industry to allow greater competition among railroads, airlines, trucks and water carries.

What do relaxed controls and greater competition mean? If you owned a railroad you might like it. But if you owned a fleet of freight trucks, competing with a railroad, you probably wouldn't like it at all.

The White House had hardly made the recommendations public before Neil J. Curry, president of the American Trucking Assn., blasted them.

"Step Backward"
"If the President and the Congress follow the recommendations, it will be the biggest step backward in American transportation history . . . No independent form of transportation can long survive the unbridled money power of the railroads."

The report, made by a committee of President Eisenhower's Cabinet members whom he appointed last July 12 to "review transportation policies and problems," was released last night.

It will cause talk. Nothing is likely to come of it unless Eisenhower backs it up by sending it to Congress, with recommendations of his own and a detailed explanation of the changes he wants. And then Congress may ignore it.

The report, one of the most poorly written to come out of the White House, is full of special jargon which might be understood by transportation specialists but not by ordinary citizens.

It is full of concern for the money losses of the railroads. It complains there is too much government regulation of transportation. It says the whole country will benefit by fewer regulations intended to create stiffer competition.

One thing seems clear from the report, if its recommendations were followed: The power of the ICC to regulate transportation would be weakened. It was railroad abuses 68 years ago—rate discrimination, overcharging, monopoly—which led to the creation of ICC.

Charge Clerk Gave Cons Dope, Liquor

PHILADELPHIA (AP) — A 20-year-old civilian bookkeeping clerk at Eastern State Penitentiary was being held on \$3,000 bail today on charges he smuggled ammunition, liquor and drugs to five convicts at the prison.

The clerk, James J. Stewart, was arrested Friday night at the home of one of the convict's friends.

Sgt. Gene Carfagno of the Belmont State Police Barracks said the ammunition and a pistol to be smuggled in later "were to be used in an escape attempt."

The officer said the ammunition was delivered to Frank Bakus, who is serving a life sentence for murder in Luzerne County.

Police said Stewart was promised \$2,500 for the ammunition and an additional \$2,500 for a 38 caliber revolver. A prison spokesman said all 50 bullets were recovered.

Mayor Fails To End Strike In Scranton

SCRANTON, Pa. (AP) — A third attempt by Mayor James Hanlon to help settle a two-week-old transportation strike in this anthracite city has failed.

A two-hour meeting between the AFL Street Car Mens Union and the Scranton Transit Co. at City Hall yesterday adjourned with no mediation meetings scheduled. The mayor and City Solicitor James W. McNulty sat in on the session.

Hanlon said he would appoint a fact-finding board to delve into the transportation problem in all its phases.

The transit employees seek a 35-cent an hour wage boost and the company has asked them to take a 3-cent an hour cut. Pre-strike earnings averaged \$1.65 an hour for the 268 operating and maintenance workers. The company served some 30,000 persons daily prior to the strike.

In 1955, Tokyo reported a population of 7,784,122, an increase of 289,842 in 1954.

BILL PROVIDES CHIROPODISTS' LICENSE PLAN

HARRISBURG (AP) — A new licensing procedure for chiropractors under jurisdiction of the state Department of Public Instruction would be set up under a proposal before the Senate.

Sponsored by Sen. Charles B. Weiner (D-Phila.), one bill would require that applicants for a chiropractic license be graduates of an approved school of chiroprody and have at least one year of liberal arts college education.

Sen. William Z. Scott (R-Carbon) joined in co-sponsoring a companion bill creating a five-member state board of chiroprody examiners to assess the qualification of the applicants.

Other Senate Bills

The two measures went to the Senate's Committee on Public Health and Welfare yesterday.

Other new Senate bills would: Require payment of salary, medical and hospital expenses of volunteer firemen injured in performance of their duty — Robert D. Fleming (R-Allegany);

Set minimum pay scales for paid firemen in cities with 80,000 or more population at \$5,200 for the chief, \$4,200 for assistant chief and \$3,800 for firemen—John H. Dent (D-Westmoreland) and M. Harvey Taylor (R-Dauphin);

Authorize reduction from two to one councilman from each ward in boroughs with six wards and permit election of one councilman-at-large — William J. Lane (D-Washington);

the New PACKARD
with Torsion-Level Ride

Smooths the Road ... Levels the Load
Automatically

Here's comfort you've dreamed of . . . and a ride to set you dreaming! It's the new Packard Torsion-Level Ride—a new system of suspension eliminating conventional coil and leaf springs to give you comfort unequaled by any car, on any road.

In other cars, twisting forces due to wheel shocks are transmitted to the frame. You submit to the resulting pitch and bounce . . . the car is subjected to wracking of frame and body. But with Packard Torsion-Level Suspension, these same twisting forces are transmitted along the new torsion bar system, and absorbed before they can reach either frame or passengers. And an ingenious power-controlled levelizer automatically compensates for changes in passenger and luggage load.

All this is yours plus the tremendous power of the new "free-breathing" V-8 engine developing 275 horsepower in the Caribbean and 260 in all other models. Plus, too, the smooth response of the new Packard Twin Ultramatic—actually two transmissions in one. All this in a setting of magnificent luxury and beauty. See and drive this one new car in the fine car field. "Ask the Man Who Owns One."

Bullets Pound Out 10-2 Win Over Susquehanna U; Visit Bucknell Wednesday

Pounding over five runs in the first inning, the Gettysburg College baseball team snapped back into the win column by routing Susquehanna University 10-2 here Monday afternoon. The victory upped the Bullets' record to 3-1. Susquehanna now has a 1-1 mark.

The Bullets will meet Bucknell at Lewisburg Wednesday and next Saturday entertain Temple University here.

Art Hendley, who led the locals' attack with a pair of singles and a double, opened the last half of the first inning with a double. Mike Duka singled home. Oskie Schalk walked and a moment later Duka stole third base. Ken Polak singled, Duka scoring and Schalk racing to third. Bob Swenk tripped home both runners and then scored as Fred Alleva grounded out.

Two more Bullet runs came in the second inning. Hendley singled but was forced by Duka. Schalk in turn forced Duka. Polak singled and both runners advanced on an outfield error. Swenk followed with another single to send both runners over.

Visitors Score
Susquehanna picked up a run off starter Johnny Schleicher in the third frame. McCarty tripped to deep left and Romano singled him home.

Singles by Schleicher, Hendley and Schalk produced another Gettysburg score in the bottom of the third. Thompson replaced Lefty Kratzner on the mound for Susquehanna in that inning.

Wally Kuligowski took over in the fifth for Schleicher and blanked the visitors for the next three frames while the Bullets picked up runs in the fifth and eighth innings. In the fifth Kuligowski scored on an outfield fly by Schalk. The other run came via a hit, error, walk and a sacrifice fly.

Gareth Biser hurled the ninth frame for the Bullets and gave up a run on two hits and a wild pitch. Susquehanna ab r h o a e

Ashburn Lost To Phils Indefinitely

PHILADELPHIA (AP) — Center-fielder Richie Ashburn of the Philadelphia Phillies, bothered with a leg injury since the baseball season began, re-injured the leg in a pre-game warmup last night and collapsed in the clubhouse.

Ashburn, who had a consecutive game streak of 731 going before the current season started, will be lost to the team for an indefinite period. He was taken to Temple University Hospital.

Doctors said they will have to wait a complete examination before reporting the full extent of his present injury. He complained of severe knee pains.

TOUGH TO PLAY BALL WITH CLUB IN LAST PLACE

NEW YORK (AP) — Anyone who thinks it's easy to play for a last place club is crazy.

That's the sober opinion of Frank Thomas, star outfielder of the hapless Pittsburgh Pirates and one of the top sluggers of the National League. Thomas said he knows because he's never been on any but a last place team ever since he came up to the major leagues in 1953.

"Regardless of what some think," Thomas said sorrowfully in the gloom of the Pirate clubhouse following Pittsburgh's sixth successive defeat yesterday, a 12-3 loss to the New York Giants, "it's hell to play with a last place club. A guy is supposed to be relaxed. Relaxed my eye. What's so relaxing about losing day after day?"

Easier To Be Contender
"It's much easier playing with a pennant contender. There's supposed to be more pressure on a fellow playing with a championship club. I wouldn't know about that. I've been in baseball eight years and I've played on a team that finished as high as fourth only once. That was the Charleston club in the Sally League back in 1950.

"Naturally I try to do my best at all times," he said. "I keep telling myself that no matter what happens I've got to keep plugging. I'm a firm believer in faith. But it's that steady losing that really gets you down. That's when faith becomes so important. It keeps your morale from dropping way down.

"It doesn't do any good to worry about being traded," he said. "I shut my ears to all trade talk. I keep hoping each winter that the Pittsburgh club comes up with a good team."

cost practically every employed person more than he will pay under the income tax proposed.

He said a typical family with an annual income of \$4,000 would pay \$30 under the income tax but that the same family would pay \$50 under the higher rate sales tax.

"This same disparity runs up and down the income scale," the governor said. "Of course, the lower the family income, the more oppressive the sales tax becomes."

The governor's staff explained at the briefing that Leader's proposed \$35,700,000 industrial development program is included in the tax program but was excluded from the overall budget since the Legislature has yet to act on it.

The tax situation dominated the governor's budget message. On other subjects he called for:

1. Final passage by the Assembly and approval by the voters of a proposed constitutional amendment providing for annual instead of biennial sessions of the Legislature. That proposal is pending in the Senate. Should it be passed there, the question will be submitted to the voters in November.

2. Start through the Legislature of another proposed constitutional amendment providing for a graduated income tax, which Leader described as "the fairest of all tax systems."

3. Shift the state's mental health program from custodial care to one of "rehabilitation and restoration to society."

The Department of Public Instruction headed the departments in the size of its budget, \$623,462, 352, slightly more than half of the General Fund budget. The figure compared with \$507,744,919 in 1953-55.

JOHNNY LOGAN TOPS AT BAT

MILWAUKEE (AP) — The National League's top fielding shortstop believes "you gotta hit to make money" and that's one good reason Johnny Logan of the Milwaukee Braves carries a .591 plate average after Milwaukee's first half dozen games of 1955.

He's the hottest major league regular at bat, with 13 hits in 22 trips, including a pair of home runs.

Logan, who has led the National League shortstops on the field for three years in a row, wound up the 1954 season with a .275 batting average.

"I usually finish with .275 to .280 or so but this might be my year," Logan said yesterday.

He's using a bat of the same weight and length he used last year and there's no marked change in his stance at home plate. If his big average is traceable to any single innovation—besides luck, says Logan—it's that he's keeping both eyes on the pitcher.

Cleveland's Six Hatchet Men Form New Murderer's Row For Indians; Pile Up 29 Of 36 Runs

By ED WILKS
The Associated Press
Cleveland's Indians have a real Murderer's Row—six hatchet men who keep swinging until they get the other guy's scalp.

If one slugger doesn't get the job done, the next guy might. If he doesn't, the other clubbers are lined up for their whacks.

All of which gives manager Al Lopez the guaranteed payoff of a savings bond. With Al Smith, Bobby Avila, Larry Doby, Al Rosen, Ralph Kiner and Vic Wertz swinging for him, he's shooting for a second straight American League pennant with loaded dice.

Homer Off Blackwell
Cleveland's hatchet men have knocked in 29 of the Tribe's 36 runs this season, with the big four of the wrecking crew—Doby, Rosen, Kiner and Wertz—driving in 19.

Last night at Kansas City, Ewell Blackwell got the treatment. He came on in the ninth

for the A's, who had clubbed five homers themselves for an 8-0 lead after four frames. When Blackwell arrived, Cleveland had swung back to a mere 9-8 deficit.

A walk and a hit batsman put Blackwell in the hole. But he struck out Smith and got Avila to pop up. Then he had Doby to face. Blackwell got as far as a 3-2 count and the next pitch was swatted 375 feet over the right field fence.

Ford Sets Down Birds
That was it. Cleveland had it 11-0, moving to within half a game of the American League leader, Boston, which was idle.

There were only two games played in the league. The other, also a nightcap, saw the New York Yankees' Whitey Ford set down Baltimore on three singles 6-0 as the Orioles, still winless, lost their sixth.

The National had a full slate. Brooklyn stayed unbeaten with a five-run sixth that beat the Philadelphia Phillies 5-2 for the Dodgers' seventh victory; and Cincinnati got rid of Vic Raschi quick to beat the St. Louis Cardinals 7-4. Both were night games.

In an afternoon pair, the New York giants whipped Pittsburgh 12-3 and Milwaukee slipped past the Chicago Cubs 2-1.

GENE POIRER KAYOES BUSSO IN 3RD ROUND

NEW YORK (AP) — The name is Gene Poirer and mark it down if you're a fight fan. You're going to hear a lot more about this 23-year old ex-platoon sergeant from Niagara Falls, N.Y.

The angular-faced Korean War vet faintly resembles Tony Zale facially and he hits hard like the old middleweight champion. For two rounds against Johnny Bussio last night in their televised bout Gene showed a pretty good left.

Then early in the third he exploded an overhand right against the 20-year old New Yorker's jaw and that was that at 1:16.

Bussio couldn't remember anything that had happened as he sat in his dressing room with blood trickling from a cut over his right eye.

Savage Wins
It was Poirer's sixth straight victory and his eighth kayo. The welterweight's service-interrupted record is 16-1 with two draws. It was the first time Bussio has been stopped. His record now is 21-3-1.

Milo Savago, a non-stop puncher from Salt Lake City, finished strong to win a unanimous 10-0 decision in another network television bout at St. Nicholas Arena. Milo, a 3-2 favorite, laid on with the rights to sweep the last three rounds.

The votes for Savage were Judge Dave Stewart 7-3, referee Harry Ebbets 6-3-1, and Judge Artie Schwartz 5-4-1. The AP card had it 7-3 for Savage. Savage weighed 159½, Boyd 157½. There were no knockdowns, but Boyd took a terrific pounding in the eighth.

Willie Hartack In Spotlight At Laurel
LAUREL, Md. (AP) — Willie Hartack, the nation's second leading jockey, won five races and finished second in two others here yesterday in the greatest Maryland riding performance since 1930.

The 23-year-old native of Johnstown, Pa., hogged the spotlight completely as Laurel opened its 18-day spring meet. Almost forgotten was the victory of S. Dewey Gottlieb's First Served in the featured \$10,000-added capitol handicapped.

I Appeal, ridden by Hartack, finished only a neck behind First Served in the capitol, the seventh race on the card. When a foul claim against the winner was disallowed, Willie was kept from equalling a state record of six winners in a single day. He did not ride in the eighth race.

GHS Blanks Delone 9-0 On 3-Hitter By Gigous; Play At Hanover Thursday

Gettysburg High School's baseball team broke into the win column by taking an impressive 9-0 decision over the Delone Squires on the three-hit pitching of Ronny Gigous. In a game played on the victors' diamond Monday afternoon, Gettysburg dropped its opener to Boiling Springs while Delone is still seeking its initial win.

The Warriors started scoring in the second inning when Ed Kane led off with a single to left-center. Roland Keller rapped another safety to right-center and Johnny King loaded the bases by drawing a free pass. With two out, Kane finally came home on Bevenour's wild pitch.

Coach Howard Showmaker's lads jumped to 3-0 lead by tallying two more runs in the third. With one out, Hise and Staley poked singles while Kane popped out. Keller then sent a hot bouncer over second base for his second hit and drove in two of his four runs when Hise and Staley scored. In the next inning the Warriors went down in order, but made up for it in the fifth and sixth by crossing the plate with a trio of runs in each frame.

East Berlin High topped New Oxford 5-2 in the first game of the Adams County Scholastic Baseball League Monday afternoon at New Oxford, the game having been moved up from this Thursday.

McGregor and Miller each pounding out doubles while Laverne Krall rapping a triple.

All league teams are scheduled for action this afternoon.

REDEDICATE CHURCH SUNDAY

One hundred persons attended the rededication of the Hunterstown Methodist Church Sunday afternoon. The Rev. F. Lamont Henninger, superintendent of the Harrisburg District of the Methodist Church, delivered the sermon on the subject "The Church's Responsibility for Meeting the Spiritual Needs of the Community." The Rev. Amos D. Meyers, pastor of the church, was in charge of the service.

The choir of the York Springs Methodist Church sang the anthem, "Bless This House."

The service also marked the 75th anniversary of the dedication of the present building.

The church building has been completely renovated. The ceiling has been covered with acoustic tile; the old floor has been replaced by a hardwood floor and new windows have been installed. The chancel has been rebuilt and paneled. New carpeting has been laid in the aisles. The walls have been refinished and the woodwork and pews painted white with walnut trim.

The Rev. John B. Howes, professor of rural church at Westminster Seminary, will preach Tuesday evening in the last of a series of services celebrating the reopening of the church.

proposition would have been correct. The contention, however, loses sight of the fact that this was a five-lane highway with the center lane protected by concrete islands and providing a safety zone between the two west-bound lanes and the two east-bound lanes. When the plaintiff saw the defendant he was in the west-bound lane proceeding slowly toward the safety lane.

"The plaintiff assumed the defendant would stop at the safety zone until east bound traffic had cleared the intersection. The plaintiff therefore did not reduce his speed until he saw that the defendant was not going to stop. On a through traffic four-lane highway there is not imposed on a motorist the care required in traveling upon an ordinary two-way road with intersecting streets. To hold otherwise would thwart the purpose of through highways to facilitate traffic."

Issues Schouten Opinion

The flight of Gerard Schouten from Hanover R. D. to Los Angeles when he was charged with the fraudulent conversion of about \$3 in 1953 continues to prove expensive, according to an opinion handed down by the court Monday. Schouten was originally charged with fraudulently converting to his own use about \$20 paid him as a salesman for a health insurance plan. At that time it was indicated that most of what he received was his commission and that a few dollars which should have been paid to the insurance company for the policies was fraudulently converted.

Schouten was placed on \$1,000 bail provided by W. E. Toddes, Gettysburg R. D. Schouten fled and was arrested in Los Angeles. The \$1,000 bail posted by Toddes was forfeited. Toddes advanced \$600 to pay the expense of sending State Police to California to return Schouten to Adams County. Later Schouten, after spending six months in jail, paid costs totalling \$998.50, which included the cost of returning him from California. Toddes then asked that the forfeited \$1,000 bail be re-

Going To Three-Day Meeting In Hanover

The Friday sessions will be held in the Kingdom Hall, 1001 Walnut St., and then move to the Eichelberger Senior High School auditorium for the Saturday and Sunday sessions.

The assembly will consist of morning, afternoon and evening sessions of Bible talks, discussions and demonstrations, which are open to the public.

L. L. Roper, New York, will be the principal speaker. He will appear all three days and will deliver the main public address at 3 p.m. Sunday on "Why a New World Is Possible."

Delegates from 11 cities in Maryland and Pennsylvania will attend.

mitted and the \$600 advanced by him be refunded.

Expensive "Appropriation"

In its opinion the court held that "to adopt the petitioner's theory that he should be exonerated from all liability on the forfeited recognizance merely because the defendant was returned and punished would mean that the bondsman assumes no liability unless the defendant never appears."

"That was not his undertaking; his bond was that the defendant would appear at a certain time." The court held, however, that since the bondsman advanced the money gratuitously to bring the prisoner back, "we believe that the ends of justice would be met in this case if the forfeiture of the recognizance were moderated so as to make the total liability of the bondsman \$750." Since the original \$1,000 had not been paid pending determination of what would be done in the matter, and since the county had already received \$600 from Toddes for the trip by police to California, Toddes was given credit for the \$600 and "his outstanding liability" is now \$150.

Thus the original approximately \$3 fraudulent conversion has now cost more than \$1,700.

his banjo, Arlene Shearer and Eddie Trostle were other first-half attractions. There was a marimba solo by Connie Riley, acrobatic dancing by Judy Crowl with the no-encore rule in force throughout helping to keep the cats moving along at a brisk pace.

After intermission the Lions went into their minstrel show with women joining in the minstrel circle and a number of guest soloists performing.

Heading that list and turning in one of the best performances of the evening was Doris Deane. She sang the "Whiffenpoof" song in the midst of a show that was notable for its change of pace. It went from blackface slapstick to "Basin Street Blues" to a serious rendition of "Down in the Valley" by the Lions Club Chorus under the formal direction of Paul W. Grove, then back to clowning.

Minstrel Favorites

High spots of the minstrel were Walter Melghan's "Sweet Georgia Brown," John O'Brien in "Shanty in Old Shanty Town," Carl Menchey and "Yes Sir, That's My Baby," Dave Blosser and "Lazy Bones," John Crow and "Down Yonder," Ken Reinhart in "This Old House" and Don Cordell and "Mobile."

Other soloists for the minstrel section were Clarence Bartholomew, Luther I. Sachs Jr., Paul Grove singing "Walk Alone," Anita Becker, Westerahl and his banjo again; John Kendeheart, Sally Smith and Robert Dearthoff. The Lions' quartet singing under the name of the "Gettysburg Mariners" did "Dry Bones."

Before the curtain went up at 8 p.m., Elmer H. Schriver, president of the Lions Club, welcomed the audience and introduced Don Smith Chambersburg, director of the show.

weevil. Approximately 20 gallons of spray per acre should be used at 40 and 80 pounds pressure. Farmers who use weed sprayers to place the spray for spittle bug and alfalfa weevil should be sure to thoroughly clean the sprayer before use to be certain there is no residue from the weed spray remaining. Household ammonia is the best cleansing agent for the spray tank, Zettle said.

Recommended for spittle bug and weevil control on alfalfa are 1½ pints of Heptachlor 2-E per acre, or 1 1/3 pints of Dieldrin 15-E per acre. A 20 per cent emulsion Lindane may be used, one pint to the acre, provided crops for processing or root crops are not to be grown in the alfalfa field. Lindane may remain over in the soil, the county agent warned.

On clover any of the three materials recommended for the alfalfa spray may be used, or one quart of 12 per cent Benzene hexachloride may be used, under the same precautions listed for Lindane, or one quart per acre of Toxaphene, 60 per cent emulsion, may be used, or two quarts of a 25 per cent emulsion Methoxyachlor.

Negro Patient Who Tried To Save Attendant Dies

By WILBUR MARTIN

RUSK, Tex. (P)—A Negro patient who tried to save a ward attendant from a brutal beating in Saturday's riot by 80 criminally insane Negroes lingered near death Monday at Rusk State Hospital.

Four other persons of 13 injured in the bloody uprising remained hospitalized.

Pharo Tilley, near death from multiple skull fractures, was beaten when he tried to help H. B. hospitalized from severe blows on the head and body from a baseball bat.

In Ward 7, where a sadistic murderer and a sex fiend led the riot, an uneasy calm prevailed.

"I think we've got this thing licked," Dr. James A. Bethea, executive director of the state hospital system, said Sunday.

The 80 rioters Saturday morning and held Hospital Supt. Dr. James Castner and two others hostage six hours.

Lists "Complaints"

Texas Ranger Capt. Bob Crowder persuaded Ben Riley, 22, the riot's "brain," to call it off.

Riley and Joe Murphy, the other ringleader, rattled off a long list of complaints as the reason for the riot.

The basic complaint, Castner said, apparently was their contention attendants mistreated them.

On Sunday, Castner conducted a 3½-hour investigation into the complaint of brutality.

"I found no evidence of brutality by attendants," Bethea said, "but I did find evidence that some patients had mistreated other patients."

Riley, a strutting strongman who says he's the "son of God," killed a man in Kansas. He was found insane there and returned to his native Texas.

"Traded" Himself

Murphy, from Dallas, has two criminal assaults against women on his record and two attempted murders.

Castner was not injured. He "traded" himself as a hostage, so Dr. L. D. Hancock and others injured in the riot could get medical attention.

Lands Airplane On Road At Night

HUNTSVILLE, Tex. (P)—How do you land an airplane at night on a busy highway?

"When I saw an opening in the traffic I just put her down," said crop duster pilot W. A. Fowler.

Hopelessly lost in a new four-place Piper cruiser, Fowler landed Sunday night on a busy trunk highway in the Huntsville suburbs—five blocks from the business district.

Police arrived in time to help him push the plane from the highway.

"I was the most losted guy you ever met in your life," said Fowler, 30, of San Antonio.

ECONOMY HEADS FOR NEW HIGH; BUYING IS UP

By SAM DAWSON
NEW YORK (AP)—Our economy is heading for a new high today. And this time it's because Americans are buying in record volume for their own personal use and are building for civilian peacetime uses.

The record was set in the April, May and June of 1953. But then the federal government was spending cash at around an 80-billion-dollar a year clip. Military spending and industrial construction aimed at building up our defense potential accounted for much of it. Now federal cash outlay has dropped to around 66 billion dollars a year. Much of that 14 billion dollar drop is in defense spending. Civilians have caught up now and are closing the gap.

New Record May Be Set
When the government was pumping all that money into the economy in 1953, the gross national product hit its all-time peak of 37½ billion dollars a year during the second quarter. The gross national product is the dollar value of the total output of the nation's goods and services.

Now the Council of Economic Advisers has just told the President that the gross national product rose to an annual rate of 369 billion the first three months of this year. This was a 13-billion-a-year jump over the annual rate of last year, and the best first

DEATHS

By THE ASSOCIATED PRESS
PHILADELPHIA—George Howe, 68, former supervising architect of engine designer, chairman and years chairman of the Department of Architecture at Yale University. Died Saturday.

LONDON — Maj. Frank Bernard Halford, 61, outstanding aircraft engine designer, chairman and technical director of the DeHavilland Engine Co. and a director of the DeHavilland Aircraft Co. Died Saturday.

PARIS — Roger Henri Expert, 73, French architect who designed the famous Trocadero Gardens which surround the North Atlantic Treaty Organization headquarters in Paris. Died Saturday.

GLASGOW Scotland — Baron Kirkwood of Bearsden, 82, once a fiery rebel in the Scottish labor movement. Died Saturday.

With this year's April, May and June quarter giving every sign of topping the mark set in the first three months, a new record may be in the making.

Production Rising
Most significant is the fact that the gains are being made in consumer purchasing and in construction. Every day Americans, bettering their standards of living, have made up to three drop in defense spending which had pushed the economy to its record high during and immediately after the Korean War.

The same trend is shown also in the industrial production index of the Federal Reserve Board. It reached its peak in March, 1953. Then it slumped during the business slowdown which ended six months ago. Now, without much fresh stimulus from defense ordering, industrial production has climbed back almost to that peak. It could reach or top it this month.

SAY M'CARTHY IS CLEARED BY INVESTIGATION

By FRED S. HOFFMAN
WASHINGTON (AP)—The Internal Revenue Service was understood today to have cleared Sen. McCarthy income tax record after a detailed investigation of his finances.

Various informed sources reported last night the Wisconsin Republican had been granted an income tax refund for the years 1946-1952. One report said the refund was \$1,056. Another version placed it at \$1,046.75.

In Des Moines, Iowa, State Department Security Chief R. W. Scott McLeod, a friend of McCarthy, said he had been informed that T. Coleman Andrews, Internal Revenue commissioner, had notified McCarthy last Friday that he had a refund due him. McLeod said he understood it is over \$1,000.

Refuse To Comment
The revenue service refused to comment on the McCarthy case.

McCarthy declined to be quoted on the matter in advance of a late afternoon news conference which he billed as a report "to the people on an Internal Revenue investigation that began in the fall of 1952."

A Senate elections subcommittee raised questions about McCarthy's financial affairs during a 1951-1952 investigation. However, the subcommittee did not attempt to answer those questions, saying in its report that McCarthy had declined to testify on his finances.

The matter was turned over to the Internal Revenue Service which then began its long investigation. The subcommittee report also went to the Justice Department. In October 1953 Atty. Gen. Brownell said his department had found nothing to show that McCarthy had broken any laws.

Condemned Last Year
The Senate, meeting in unusual session, last Dec. 2 condemned McCarthy in part for abusing members of the elections subcommittee that investigated him. McCarthy has contended the subcommittee conducted itself improperly.

McCarthy said his report would "answer completely the questions raised by the elections subcommittee."

Among other things, the subcommittee questioned whether McCarthy had profited by speculating in 1950 in soybeans futures "with funds advanced for his anti-Communist drive." McCarthy has denied he did so.

Knocks Himself Out On Carnival Gadget

LONG BEACH, Calif. (AP)—Merle Albright is a strong man and when he came upon a strength-testing machine in the amusement zone he decided to find out how strong.

He picked up a hammer yesterday and came down with a mighty blow that sent the indicator zooming up the shaft until it ran the bell.

But Albright didn't hear the bell. At Seaside Hospital it was explained to him that the hammer had rebounded and struck him atop the head, inflicting a two-inch cut.

Kite-Flying Man, Wife Electrocuted

WAYNESVILLE, Mo. (AP)—A copper wire being used to fly a kite came in contact with a high voltage wire yesterday, electrocuting a man and his wife. A third person suffered shock and burns.

Sheriff Dorsey Rayl said Mrs. Fred Martison, 22, was flying the kite. When the kite wire struck the voltage line, the husband attempted to rescue his wife. Both were enveloped in a ball of fire. Also injured was Sgt. James J. Wagnitz who was nearby.

PARIS (AP)—Moderates showed the most strength and followers of Gen. Charles de Gaulle suffered the biggest losses in Sunday's elections for 1,669 members of regional councils, the Interior Ministry announced.

The Communists, although they polled the second largest vote, suffered light losses. So did the smaller pro-Communist parties. All other parties had light to spectacular gains. The Moderates emerged the biggest winner with 26.1 per cent of the votes cast against 18.45 in the last such election, in 1949.

The Gaullists fell from 17.33 per cent in 1949 to a bare 5.5 per cent.

QUIZ DULLES ON YALTA LEAK

By ROWLAND EVANS JR.

WASHINGTON (AP)—Secretary of State Dulles faced sharp questioning by some senators today on his release of the Yalta papers.

The Senate Foreign Relations Committee called the secretary to testify at a session closed to newsmen and the public on two principal points:

1. Who "leaked" a copy of the documents one day ahead of the official release and one day after the State Department said publication was not in the national interest?

2. Why did the department include in the official American version of the Big Three wartime conference "personal notes . . . of social conversations and the language of dinner toasts?"

Defense Prepared
The secretary was reported prepared to defend the furnishing of a copy of the papers to the New York Times March 15 on grounds that a major concern of the department was to have the papers published in full.

The Times has said it accepted the papers from a State Department source on condition it would print the entire document or none of it.

There are two and a half times as many traffic deaths on rural roads as on city streets.

Housewife Gets In Trouble With Car

OKLAHOMA CITY (AP)—A 33-year-old housewife slipped the family automobile out of the garage yesterday while her husband was working and went for a spin. She was jailed for reckless driving after the car went out of control, smashed up a five room house and narrowly missed hitting a woman taking an afternoon nap. The vehicle was demolished.

The woman also was charged with failure to have a state driver's license. Her husband said he didn't know his wife could drive.

LEBANON, Pa. (AP)—An 18-year-old Terre Haute, Ind., youth was killed and a family of four from Gardiner, N. Y., was injured seriously in a head-on automobile crash on U.S. 22 near here Sunday.

Joseph Bell, 18, was dead on arrival at Good Samaritan Hospital. State police said his car skidded across the medial strip of the dual highway in rainy weather and smashed into another car driven by Edward T. Weigle, 31, of Gardiner, N.Y.

SAIGON, South Viet Nam (AP)—Binh Xuyen troops shattered Saigon's uneasy truce today, firing on vehicles of the national army. The army said one of its soldiers was killed and another kidnaped. The national forces loyal to embattled Premier Ngo Dinh Diem went on an immediate alert.

ADVERTISE IN THE TIMES

Tributes To Einstein Pour In From All Walks Of Life

PRINCETON, N.J. (AP)—Leaders of nations, diplomats and scientists today mourned the passing of celebrated physicist Albert Einstein as one of history's great men.

From all walks of life poured messages of tribute for the 76-year-old genius who died yesterday of a ruptured aorta and hardening of the arteries.

Hours after Einstein's death, his body was cremated without funeral services. But, seeking to further medical science even in death, he left his brain and other vital body organs to research.

Plan Memorial
It was through his theory of relativity and his work in nuclear fission and electronics that the atom bomb was made possible. Many national and international leaders have been invited to a public memorial tribute to Einstein, set for Sunday night at New York's Carnegie Hall.

And a memorial service, sponsored by the Hillel Foundation at Princeton University, will be held Friday night at the University's Whig Hall.

The small, bushy-haired Einstein left his brain to Dr. Harry Zimmerman, director of laboratories at Montefiore Hospital and a professor of pathology at Columbia University.

Not Limited To Science
Zimmerman said he doesn't expect to "find the cells that made

him a genius" when he starts examining Einstein's brain within the next few days.

Although Einstein's life centered around science, he was vitally aware of world conditions. In fact, Prime Minister Nehru of India received a letter only recently from Einstein in which the latter offered proposals for a five-year truce in the cold war.

The letter was disclosed by a member of the Indian delegation to the Asian-African conference at Bandung, Indonesia.

Nehru Voices Sorrow

Einstein's letter proposed that statesmen be allowed to formulate a long-term substitute for war. He warned, the spokesman said, that the world would be destroyed by weapons of mass destruction if man failed to find a method of living in peace.

Nehru was among the many who voiced personal sorrow over Einstein's death.

The news of his passing also was reported in Moscow by the Soviet News Agency Tas, whose report described Einstein as "one of the world's greatest scientists and physicists."

Similar messages came from President Eisenhower and former President Truman.

The population of Ireland fell from more than 8 million in 1840 to 4,300,000 in 1950.

GREENSPUN IS ACQUITTED IN M'CARTHY CASE

LAS VEGAS, Nev. (AP) — Hank Greenspun, Brooklyn-born publisher with a touch of Western maverick in his editorial makeup, was free today of a federal charge of mailing matter tending to incite the murder of Sen. Joseph McCarthy (R-Wis.).

A jury of six men and six women acquitted the 45-year-old publisher and columnist of the Las Vegas Sun last night after 2 hours 45 minutes of deliberation.

Jury Foreman Gail Andres said "there was never any doubt in our minds" that Greenspun's fiery column posed no threat to McCarthy's life. The jurors, however, had to wade through a long list of technical instructions.

Says He Can Back It Up

The jury obviously was convinced by the closing two-hour speech of Edward P. Morgan, Washington, D.C., mainspring of Greenspun's four-man legal staff.

Morgan used Greenspun's words from the indicted column of Jan. 8, 1954, plus many of his own, to lambaste McCarthy and McCarthyism.

"Hank was out there calling this monster what he is long before it was popular to do it," Morgan said.

The attorney repeated Greenspun's printed description of McCarthy as a "disreputable pervers" and said the publisher had evidence to back it up.

Sen. McCarthy could not be reached in Washington for comment on the attorney's statement.

Strong Language
Both Morgan and U.S. Dist. Atty. Madison B. Graves referred to the Bible in interpreting the start of the harsher section of the column: "Live by the sword and you die by the sword!"

From there, it went on: "Destroy people and they in turn must destroy you! The chances are that McCarthy will eventually be laid to rest at the hands of some poor innocent slob whose reputation and life he has destroyed through his well-established smear technique."

"Really, I'm against Joe getting his head blown off, not because I do not believe in capital punishment or because he does not have it coming, but I would hate to see some simpleton get the chair for such a public service as getting rid of McCarthy."

LIBERALS ASK IKE TO KEEP U.S. OUT OF WAR

WASHINGTON (AP) — Forty-seven well-known Americans who call themselves liberals urged President Eisenhower today to "take immediate steps to extricate the United States and the world from the present menace of war in the Formosa Strait."

They called upon the President in such negotiations "to make clear that the United States will not commit its forces to the defense" of Matsui and Quemoy "and will not permit them to become a cause of war."

Announcement of the telegram to Eisenhower was made by Americans for Democratic Action, which said the signers acted as individuals. ADA, claiming 45,000 members, calls itself an "independent, anti-Communist political organization" dedicated to the cause of liberalism.

Eleanor On List

Among those listed as signers were Mrs. Franklin D. Roosevelt; Norman Thomas, veteran Socialist leader; W. P. Kennedy, president of the Brotherhood of Railroad Trainmen; author-commentator Elmer Davis; Mrs. India Edwards, vice-chairman of the Democratic National Committee; Dr. Reinhold Niebuhr, Union Theological Seminary; the Rev. John Haynes Holmes, former pastor of Community Church, New York; Lloyd K. Garrison, New York attorney; Benjamin V. Cohen, former State Department adviser; and Harvard professors Zechariah Chafee Jr., Seymour E. Harris, Alvin Hansen and Arthur M. Schlesinger Jr.

Affirming their support of U.S. pledges to help defend Formosa and the Pescadores against any Chinese Communist attempt to invade Chiang Kai-shek's Nationalist refuge, the 47 signers said the case of the offshore islands of Matsui and Quemoy is quite different.

To Remove War Threat

"We submit that the islands over which this threat arises are inseparable from the (Communist) mainland by reason of their situation and, as you observed some months ago, not essential for the defense of Formosa and the Pescadores," the telegram said.

The Eisenhower administration has declined to make any declaration now on whether it will help defend Matsui and Quemoy if the Communists carry out threats to seize them from Chiang. It has said they will be defended if any assault on them appears to be a prelude to an attack on Formosa.

The telegram to Eisenhower asked him to seek the cooperation of other free nations, through the U.N. or in direct talks, to join in seeking a solution "in accordance with international law which will remove the danger of war over the Quemoy and Matsui Islands."

CAPTURE ESCAPED PATIENTS

LAURELTON, Pa. (AP)—Four more patients escaped from the Laurelton State Village over the weekend but were returned to the Union County institution for mentally defective women.

It brought to 23 the number of inmates who have fled since March 27. All were returned.
